

SALEM COUNTY IMPROVEMENT AUTHORITY

RESOLUTION 2018-02

January 11, 2018

RESOLUTION OF THE SALEM COUNTY IMPROVEMENT AUTHORITY
APPROVING AN ADMINISTRATIVE ACTION TO THE
SALEM COUNTY SOLID WASTE MANAGEMENT PLAN

WHEREAS, the Salem County Improvement Authority (“SCIA”) is responsible for maintaining the Salem County Solid Waste Management Plan (“SCSWMP”); and

WHEREAS, South Jersey Agricultural Products, Inc. (“SJAP”) currently holds a Class B license, pursuant to New Jersey Department of Environmental Protection (“NJDEP”) Permit #CBG090002, which allows it to receive Class B recyclable material, including waste wood from any location, as well as leaves and yard trimmings/brush from Upper Pittsgrove Township, for the production of mulch and soil products; and

WHEREAS, the SJAP Class B Recycling Center is currently part of the SCSWMP and is located on Block 60, Lot 11 in Upper Pittsgrove Township; and

WHEREAS, the SJAP is requesting that SCIA amend the SCSWMP to include modification to the current Class B Recycling Center General Approval for the development of an Agricultural Production Facility for the processing and marketing of additional products, including production of a Renewable Synthetic Diesel Oil (“RSDO”), Bio-Char and Wood Vinegar; and

WHEREAS, the requested modification does not affect the design capacity or daily limit of SJAP’s Class B Recycling Center or the type of materials accepted; and

WHEREAS, SJAP is also seeking an approval of its modification from the NJDEP after receipt of SCIA’s issuance of the requested Administrative Action; and

WHEREAS, the modifications that have been requested by SJAP are beneficial to the County of Salem as they will increase recycling efforts and overall benefit the environment as the process will produce a clean fuel that is not dependent on fossil fuel; a product that increases crop yield and soil enhancement; and a natural, non-chemical pesticide, and should therefore be placed in the SCSWMP;

NOW, THEREFORE BE IT RESOLVED, by the SCIA that the following SCSWMP Amendment shall be made and the SCSWMP shall be modified as follows:

1. SJAP’s request to modify its Class B Recycling Center General Approval for the development of the proposed Agricultural Production Facility is approved by this Administrative Action.
2. SJAP’s daily limit of 1,000 tons per day remains the same.

3. This Administrative Action is limited to Block 60, Lot 11 which is part of the existing Class B Recycling Center and its site plan.
4. All operations of SJAP shall be conducted in accordance with the rules and regulations of the NJDEP.

Barry Davis, Secretary

Robert Widdifield, Chairman

CERTIFICATION

I certify the above to be a true copy of a Resolution adopted by the SCIA at a regular meeting held on January 11, 2018.

Barry Davis, Secretary
