#### **CORRESPONDENCE**

SCIA received a follow up letter from Statewide Insurance Fund regarding the April 5 PEOSHA standards inspection visit. Parker Smith, Landfill Manager, and Casie Garton reviewed everything with the Statewide representative, to be sure SCIA was in compliance with POSHA standards. There was also correspondence received from the attorney for South Jersey Agricultural Products and he will attend the May meeting to provide information regarding the research and development projection application to the NJDEP.

#### **EXECUTIVE DIRECTOR'S REPORT**

Copies of this report were distributed to all members prior to the meeting. Executive Director Acton advised that there are two haulers on the aging report that are not responding to her requests for payment. The backhoe has been delivered, personnel trained and the invoice is on the bill list for payment at this meeting. The sweeper attachment works very well. Research is being conducted regarding the purchase of cameras for the scale area to check for proper tarping and complete emptying of loads upon exiting the landfill. There is a resolution on the agenda to add a \$100 surcharge for trucks not properly tarped and also to add a road base charge for the use of wood chips to stabilize the road during wet weather. Executive Director Acton reminded everyone that their financial disclosures are due on May 15. There are resolutions on the agenda for SCS Engineers to provide consulting services regarding the methane gas collection system, for Alaimo to begin preparing designs, bid documents, and oversight for the installation of the outbound scale, and awarding the quote for tire recycling to Carbon Industries. It was noted that the Bag Ban Networking Event was a great success with approximately 85 people in attendance. The topographical survey is in the works and same is due on May 1.

#### SOLID WASTE REPORTS

Landfill Statistical Report, Engineer's Report and Landfill Manager's Report. Copies of these reports were distributed to all members prior to the meeting and Executive Director Acton advised that landfill tonnage revenue is up, the average price per ton is down, Convenience Center revenue is down, leachate expense is down. Cover expense is zero because of the incoming beneficial soil and density has increased.

There was an NJDEP stormwater inspection on March 30 and the results of the inspection was discussed. There was an NJDEP solid waste inspection on March 31 and it went well although it was windy so some blowing of trash was noted. On April 13 there was a meeting regarding the Avian Flu involving the NJDEP, the Department of Agriculture, the NJSP and state and county emergency management. Logistics regarding disposal of deceased birds was discussed at length.

Edward Ramsay advised that the parking lot looks great. He asked if using wood chips as a road base would be problematic with regard to freezing and Landfill Manager Smith advised that they are really an advantage for a number of reasons.
